A discussion of the munition for the next campaign. court in the case of the debt due the government from the Union Pacific will definitely settle the composition solved parliament because it persisted of the supreme bench. The people in wasting time over an annual conare anxious to know who are for them sideration of the budget, to the and who are against them. When while, if they would vote the budget they have found out they know how for two years, there would be time to cal evil of the situation. No country to apply the remedy.

delay moving in the matter of creating an inspector for our sewers and water mains. Such an appointment is rendered imperative by the extensive paving which Omaha will do during the present summer. Every connection with a water or gas main which requires the disturbance of our pavements ought to be done under the supervision of a thoroughly competent man responsible to the board of public works and the city engineer. No tapping of our sewer system should be permitted but by his authority and under his inspection. It is useless to pave our streets unless they are there march will succeed, as he has so oughly repaired after each cutting of often succeeded before, in filling the pavements. Whenever a main of any kind is tapped work is likely to be carelessly done and the trench carelessly filled up unless under the

So far as the sewers are concerned Four stoppages of the mains have already taken place owing to carelerstinue to clog the sewer and complaints will be heard of the inefficiency of the Waring system.

Common sense, experience and a regard for economy all combine in urging upon the city council at once Catholic bishops and the united front to secure a compatent man as cly in- of both churchmen and non-conformspector of sewers and pavements. Such an employee should be under COLORADO is all torn up over Hill the direction of the board of public and Teller, but according to the most works and the city engineer. His his cause, and the passage of the trustworthy advices the majority of salary could largely be derived from measure would have been the crownthe fees charged parties who tap the officer. This goes to show that great water, gas and sewer mains. This is men are not always appreciated at the plan adopted in other cities where excitement arising from the dynamite broken out at Callao, and is extending

PEOPLE in these parts who know Mr. James Bosler, who happens, as over every avenue of information Dorsey by business relations in New is no more talk of Irish remedial legment on his civil rights. The reverend Mexico, will be amused at Mr. Bos- islation, no more discussion of the ler's explanation of Dorsey's instinct and an entire absence of any tendency in locating ranches. Dorsey, he says, towards Irish conciliation. The dythrough his intimate acquaintance with the records of the land department at Washington, was able to spot and the publication of this fact is and locate all the land, in the publication of this fact is and locate all the land, in the publication of this fact is and locate all the land, in the publication of this fact is and locate all the land, in the publication of this fact is and locate all the land, in the publication of this fact is also involved in a very aggration. Some time ago it was reported that a collision had in taxes, they can certainly afford to hire a clerk to make up a weekly of other ranchmen in the neighbor-statement of their clearings. Our banks out to show a little public spirit.

| Conviction, both of which measures will doubtless pass before the close of the session. The court at Dublin is still engaged in griading out convictions and having disposed of all of the Posuix park as spirit. The condition of the gutters in ler says, made money by the natful his third trial, is now busying itself in this country. According to the

A religious riot took place at Port and Arabs, in which several persons were killed and many wounded. The Greek church was protected by the British soldiers and sallors with Gatling guns, and the European residents were only saved from a general mas-sacre by the presence of the English

South American news are meagre and unsatisfactory. Peru and Chili are still under arms, and the Peruvian General Caceres is threatening Lima. In the south Motero has an army of 5,000 or 6,000 men, which the Chilians have to watch constantly, but cannot bring to a fight. In the north Iglesias is reported to have been badly whipped by a rival chieftain. If this is true Chilians may have had to place Iglecupation, who come from a colder latitude, and, altogether, the Chilian embarrassments are only less than those of the conquered country. There are more than three thousand Chiltans enjoying snug berths as civil clerks in Peru, and they are using every possible means to prolong the occupation. However anxious Chili may be to get out of Peru she seems it was reported that a collision had occurred between Ch lian and Argentine troops on the frontier. It now turns out that the Chillans were not only severely vorsted in the encounter, but that their commander had lost his reckoning and unwittingly got across the line on Argentine soil, from which he has been warned to
